

Coded Note Number: **H1701**

Revision: **C005**

Date: March 12, 2019

Title: [HAZMAT Minimization Program \(662D\)](#)

If Supplementary Technical Requirement STR-701 "Hazardous Material Minimization in Electronic/Electrical and Commercial Components and Maintenance Equipment" is included in Appendix B of this purchase order, the supplier shall comply with this coded note and STR-701. *[Text deleted]* These requirements specify hazardous material minimization, identification, and documentation requirements for the material / equipment to be delivered on this purchase order.

The following are excluded from the requirements of this coded note: (1) a hazardous material that is an impurity, i.e., a trace amount that is not an ingredient and does not contribute to the function or usefulness of the material/equipment; (2) a hazardous material that is an ingredient in a metal alloy, except for Lead in a concentration greater than 1 percent in Brass or Bronze.

If the supplier determines that the material / equipment contains hazardous materials as defined in STR-701, The supplier shall send a completed "Supplier Hazmat Review Form" (NN9168, available on the HII-NNS website) prior to the first shipment to:

ESOHEngineering@hii-nns.com

or

Newport News Shipbuilding
Attn: **ESOH Engineering (Dept O27)**
4101 Washington Ave
Newport News, VA 23607

If the material / equipment contains mercury, mercury compounds, and/or polychlorinated biphenyls (PCBS), the supplier shall use the Vendor Information Request (VIR) process described in Appendix A-NNS Supplement of this purchase order to justify its use and obtain approval from Newport News Shipbuilding prior to shipment. The supplier shall include a completed "Supplier Hazmat Review Form" (NN 9168).

The supplier shall send the "Supplier Hazmat Review Form"(NN 9168) only once to represent multiple shipments of the same material / equipment. If a change in the type, quantity, or application of hazmat in the material / equipment is necessary, the supplier shall identify the changes in a completed "Supplier Hazmat Review Form" (NN 9168) and send prior to shipment.

If Appendix B of this purchase order does not include Supplementary Technical Requirement STR-701 "Hazardous Material Minimization in Electronic/Electrical and Commercial Components and Maintenance Equipment", the supplier does not have to comply with this coded note.
