## FLEXIBILITY FOR COMPLEX PLATFORM-RELATED REQUIREMENTS

**Federal Agencies increasingly rely upon platforms and robotics to accomplish their mission. GSA's ASTRO offers all Federal customers a Total Solutions IDIQ contract that integrates flexible contract types, broad scope, and pre-vetted prime contractors capable of addressing your complex requirements.**

### INTEGRATED SOLUTIONS, DELIVERED

Hill is a prime contractor on ASTRO, a new, innovative contract vehicle delivering a full range of platform-related requirements by integrating multiple professional service disciplines and ancillary services/products. Through ASTRO, you can access Hill's broad platform-related capabilities—from advanced R&D to systems engineering and integration to C5ISR mission operations.

### WHY ASTRO?

With no contract ceiling and a broad scope, ASTRO offers assisted acquisition using a proven, repeatable acquisition process and streamlined evaluation procedures to rapidly deliver platform-related solutions to all federal agencies.

**Hill ranks among the top five ASTRO prime contractors based on awarded ceiling.**

### BENEFITS

- **Broad scope**—operations, maintenance, systems integration, R&D, training and support services via 800+ contract labor categories.
- **Total Solution**—any combination of labor, materials, other direct costs and ancillary support.
- **Flexibility**—supports all contract types, including hybrid task orders—globally at any security level.
- **Active Marketplace**—125+ pre-vetted prime contractors in 10 functionally defined contract pools.
- **Low-Cost Assisted Acquisition**—No contract fee; assisted acquisition fees negotiated with GSA.
- **Compliance**—contributes to Better Buying Power objectives with OMB Spend Under Management principles.
