NNS Suppliers:

As we work to stabilize, strengthen and expand our industrial base in our mission to support the nation, we are re-evaluating the organizational structure in the Supply Chain Management (SCM) area of our business.

This week, we announced that SCM procurement functions will reside in Business Management alongside Contracts and Pricing to better align with business objectives. Matt Mulherin Jr., vice president of Contracts and Pricing, will assume command of these SCM responsibilities.

This change is effective immediately and will remain in place for the next 30 days until a permanent structure is finalized.

Thank you in advance for your patience during this time of transition.
